Git(Git Flow)
SCRUM / Agile
GitHub
Jira / Bitbucket

FrameWorks

React / Redux
AngularJS
Bootstrap
Ruby on Rails

UI/UX

Wireframing / UML
Adobe Suite
User Stories
Atomic Design

#Professional Experience

Generation / Digital Curriculum Designer for I.T, cloud, & Software Development

Feb 2022 - Current: International (Headquarters in London) | Remote

Design and write curriculum materials, including assessments, technical sessions, mindset & behavioral skill sessions, and practice sessions, including simulations that mimic daily on-the-job situations and role-plays.

Build interactive sandboxes, problem-solving questions, and labs with Python that provide hands-on experience for students to learn program languages (C, C++, C#, Python, JavaScript, & Java) I.T (Related labs for CompTIA A+, N+, S+ & Linux+ certifications) and Cloud Environments which used Terraform to provide a lab environment for AWS, Azure, and GCP for their respected certification(AWS Practitioner/Associate, Azure fundamentals, and GCP's Engineer/ Architect).

USA Generation / Master Instructor for I.T, Cloud, & Software Development

Apr 2021 - Current: Washington D.C, United States of America | Remote

Delivering engaging online synchronous modules to diverse learners and guiding them in their asynchronous (independent learning) modules related to Programing, Cloud, and I.T fields.

Training new instructors & Teaching Assistants to deliver high-quality, personalized learning experiences for participants and administer, grade, and provide feedback on weekly assessments.

Evaluating students' progress in their cohort to ensure they are ready for work in these fields: I.T (Technical support), Programming (Front/Back-end and Full Stack), and DevOps (Ansible, Terraform, AWS, Azure, & GCP).

USA Generation / Instructor and Teacher Assistant

Oct 2020 - Apr 2021: Washington D.C, United States of America | Remote

Producing instructions for students in synchronous and asynchronous time with Linux, Bash, Git, GitHub, HTML, CSS, Bootstrap, JavaScript, node.JS, React, and more.

Supporting Master instructors and substituting Teacher assistances or instructors for cohorts that need instructions and creating content for the programs with Python, C++, Java, with SCRUM/Agile methodology.

#Education

USA Generation / Certificate in Web Development, I.T Specialist, and DevOps

Feb 2018 – Dec 2018

Miami Dade College/bachelor's in psychology

Jan 2012 - Dec 2014: Florida
